Profile

Passionate UI/UX Designer skilled in user-centered design, wireframing, prototyping, and creating intuitive web and mobile interfaces. Eager to contribute creativity, design proficiency, and a collaborative spirit as an Entry-Level UI/UX Designer.

Skills

- **UI/UX Design Tools:** Figma, Adobe Photoshop
- **Design Skills:** Wireframing, Prototyping, Design Research
- **Front-End Technologies:** HTML, CSS, JavaScript
- **Tools:** Visual Studio

Education

- **B.E. Computer Science and Engineering**
SCAD College of Engineering and Technology
(Sep 2020 – May 2024) 73%
- **Higher Secondary School**
Star Matric Higher Secondary School
(Jun 2019 – Mar 2020) 72%
- **Secondary School Leaving Certificate**
Star Matric Higher Secondary School
(Jun 2017 – Mar 2018) 58%

Projects

Mobile Health Monitoring App:

- Designed and prototyped a health monitoring app in Figma with heart and respiratory rate tracking and trend visualizations.
- Built user-friendly authentication, survey, and profile flows with a clean UI and intuitive navigation.

WhatsApp Interface Redesign:

- Redesigned WhatsApp UI in Figma with modern layouts for chat, OTP, and community features.
- Improved usability and aesthetics through clean design, refined colors, and optimized icons.

Qtech Skill Development:

- Completed training at Qtech Institute, focusing on practical learning through real-life projects.
- Guided by expert trainers with placement assistance, ensuring strong industry exposure and career support.

Soft Skills

Effective Communication:

Ability to clearly convey ideas and collaborate with team members and stakeholders.

Product Design:

Designed and developed product prototypes with a focus on usability, functionality, and seamless user experience.

Design Research:

Conducted design research through user needs analysis and competitor study to create user-centered UI solutions.
